

ESA, NYBFAA Oppose Bill that Threatens to Void Critical Contract Terms

The New York Burglar & Fire Alarm Association (NYBFAA), along with the Electronic Security Association (ESA), is urging opposition to New York Senate bill 2074, which recently passed the New York Senate Judiciary Committee. The bill would declare "void and unenforceable" certain contract terms indemnifying or exempting manufacturers, sellers and/or monitors of burglary protection systems from liability for negligence.

"The bill would have a devastating effect on insurance, creating a deteriorating situation for security alarm dealers and monitoring companies where insurance could become scarce or unavailable," said Tim Creenan, NYBFAA legislative chairman and sales for Amherst Alarm, Amherst, N.Y. "Many small businesses would be forced to close their doors, and those remaining would be forced to charge such a premium for their services that alarm systems would become unaffordable for most homes and businesses."

Most concerning to the NYBFAA and ESA is that the legislation threatens to make alarm monitoring services unaffordable to the general public, and if passed, it could have devastating consequences not only in New York, but throughout the country.

"State bills in California and New York have a tendency to be copied by other states in rapid order. If this bill survives the year-long session in New York, it will generate copycat bills in the 2011 state legislative sessions nationwide," said John Chwat, ESA's director of government relations.

"This bill is a real threat to the security industry and we need to stop it," Chwat added.

Scholarship:

2010 Ralph Pusey / Allied Barton Scholarship

Ralph Pusey, a lifetime member of the Kansas City Chapter of ASIS and Allied Barton Protective Services, Inc. started this wonderful scholarship in 2001. It is intended to be used for continuing education for Security practitioners and members of the Kansas City Chapter of ASIS. See below for more information.

Applications are now being taken. Your application must be postmarked on or before June 18, 2010 for consideration. The winner will be announced at the August 5, 2010 Kansas City ASIS luncheon.

REQUIREMENTS

1. Security practitioner (first preference)
2. Law enforcement ASIS member in crime prevention, etc. (second preference)
3. Law enforcement ASIS member (third preference)
4. Member in good standing, both local and national ASIS
5. Active member in the chapter
6. Priority will be given to those applicants who are using the scholarship for continuing education
 - BA, BS, MA, or MS) in security or other related subjects such as safety or management.
 - Security related seminars (CFE, EHS, etc. seminars) may be given consideration on a case by case basis.

GUIDELINES

1. Intentions for use:
 - Academic Advancement in the Security or Safety fields applied to either a degree or advanced degree such as a Masters or Doctorate.
 - Any course of study offered by ASIS
2. Covered items within the ASIS Programs:
 - Books and materials
 - Class Fees
 - Testing Fees
 - Travel expenses
3. Limitations on time to utilize.
 - The recipient of the Pusey-Barton Scholarship must fully utilize the award within two years of the date of receipt of the award.
 - If the award is not used by that time, it is expected that the recipient return the amount of the award, in full, to the Chapter for reallocation.

The form may be found at <http://kcasis.org/awards.php?docid=scholarship>. Return the completed form, with signature and date postmarked on or before June 18, 2010 to:

From the Chair...

Stephen Brown, CPP
2010 Chairman

From the Chair . . .

Steve Brown, CPP

The month of April has been a very exciting month for me and our Chapter.

To begin the month, we hosted our monthly luncheon on Thursday, April 1st, *April Fools Day*. Due to a small conflict at the Kauffman Foundation, we had to move our meeting back to Kauffman Stadium – but this was not all bad. Getting to see the stadium in all its glory just prior to Opening Day was really nice. Needless to say, the playing field looked fabulous. I would like to personally thank Chuck Clanahan for his presentation on DHS support activities that is available through his office.

The week of April 5-9 I was traveling on business in San Diego. Early in the week during a client meeting, I learned the people I was meeting with were very active in their ASIS Chapter there in San Diego. As it turned out, their meeting was on Thursday of that week and they invited me to attend. It was really nice to be able to visit another chapter that is about the same size as our chapter and see how they hosted their meeting. Believe it or not, their meeting mirrored ours. One thing I thought comical was that the San Diego Chapter Chairman opened the meeting wearing a very large, red, top hat. He then pointed out several other members who were wearing similar type “ugly” hats. Apparently, the Chairman asked in his monthly letter to members for members to wear these type hats to their next luncheon. He did this to see how many people actually read his Letter From The Chair. So, if you are reading this letter, you will know what I am talking about when I mention it at our next meeting. Who knows, I may ask something similar at the end of this letter.

The Midwest Consolidated Security Forum was a huge success. The forum was attended by well over 200 security professionals as well as others within our region that has an interest in security. Although the financial numbers are not in as I write this letter, I do believe this will be another profitable MCSF from which a portion of the proceeds will come into our Chapter. I must recognize several of our members for their outstanding service to this event. Chapter Secretary Kathryn Bartunek did a fabulous job and worked many, many hours promoting the event and making sure every document published for the forum was professionally done. Her insight was instrumental to the success of the event. Our Vice Chair, Brandon Kehl, took charge of the Physical Security Track and volunteered his time to make sure physical security speakers, such as me, were scheduled and where they needed to be during the forum. Our Education Chair Bill Getz was involved from the very beginning, representing our Chapter for all important matters. The few meetings I was able to attend in person, I was always impressed that Bill was either there or on the speaker phone. And last, but certainly not least, was Norm Onnen. Norm was the Chairperson for the MCSF. We can only imagine the number of hours he put in to make this annual event successful. Norm, you did an excellent job. Thank you on behalf of our ASIS Chapter for your dedication to this event.

Our Chapter Board met on Thursday, April 15th to discuss matters relevant to our Chapter. The most important was the selection of the winner of the Thomas R. Meyers Award that will be presented at our annual Law Enforcement Appreciation Luncheon on May 6th. This outstanding event sold out at 96 attendees. As I was writing this letter, Renee Wakefield-Campbell called me and said Union Station would allow us to use eleven tables of ten, meaning we now have room for 14 more attendees. For the members who purchased a table for eight, we will have two past winners of the Thomas R. Meyers Award join you at your table, allowing you an opportunity to spend quality time with an outstanding law enforcement officer.

(chair letter continued)

Stephen Brown, CPP
2010 Chairman

I'm happy to announce we have filled October's opening for our luncheon. It will be hosted at Kansas City, Kansas Community College and our speaker from US Bank will address bank security. This should be another great event for our Chapter.

Golfers get ready. Our annual golf tournament is scheduled for Wednesday, August 11th. Now, here's the really good news. Our August luncheon is being held at Deer Creek Golf Club, the site of our golf tournament. Jon Gann has successfully negotiated a rate of \$31 (Green Fees and Cart) for anyone who would like to play golf following our luncheon. What a great time to get in that practice round for the following Wednesday tournament. Please let Jon know if you plan to play so he can notify the course. And, be sure to sign-up early for the golf tournament. It is one of our best events of the year.

I received some disappointing news recently. Kathryn Bartunek, our Chapter Secretary, is moving from the area to pursue other opportunities. We need to fill her position as soon as possible. If you are interested and can fill this important position, please let me or Dean Owens know. I would like to have someone nominated, seconded, and voted on at our May luncheon. Please consider this role and support our Chapter.

In closing I would like to thank and wish Kathryn Bartunek the best in her endeavors. Her involvement in our Chapter the past 18 months will be hard to fill. If you see Kathryn prior to her leaving the area, be sure to wish her well. Thank You, Kathryn. You will be missed.

I look forward to seeing everyone at our Law Enforcement Appreciation Luncheon on May 6th.

Steve Brown, CPP
2010 Chair

Special Events:

Chapter Member's Review:

"On March 31st, the US Attorney's Office Anti-Terrorism Advisory Council) presented the seminar International Terrorism: Islamic Extremism from a Historical Context of Political Violence.' Attendees were treated to an in-depth discussion on the development of Islamic extremism, its current direction, and future trends.

'Learning about how and why al-Qaeda and its affiliates strike the targets that they do really from such knowledgeable, experienced professionals gave me a whole new perspective on the topic. It was extremely valuable training,' said Bill Getz, CPP"

Editor's Note: Bill Getz found out about the seminar through the local ASIS chapter newsletter

Topeka, Kansas
September 9-10, 2010

This course teaches participants how to apply all phases of the DHS and FEMA risk management process to jurisdictional critical infrastructure and key resources. Through lectures, discussions and classroom activities, students learn methods to identify and prioritize risks from all hazards, assess vulnerabilities, estimate consequences, and use equipment, training, and exercises to mitigate risk. The first day will be classroom instruction and the second day has a field activity.

Target Audience: Suggested participants include awareness, supervisory, and managerial staff who respond to or have oversight responsibilities regarding incidents caused by terrorism, natural disaster, major accidents and all other hazards. Course participants general include the following disciplines: Law Enforcement; Fire Service; Emergency Medical Services; Hazardous Materials; Public Health; Public Works; Emergency Management; Emergency Communications; and Governmental Administrative.

Prerequisites: There are no required prerequisites for this course.

Certificates for this course will be awarded by the Texas Engineering Extension Service (TEEX) via Texas A&M University. For more information about TEEX and other courses offered by them online and classroom based, visit their website: www.teex.com.

Lodging reimbursements will be available for Kansas residents traveling 60 miles or more (up to 3 nights).

Colby, Kansas
May 18-20, 2010

The goal of this course is to assist communities and industry to prevent and deter terrorist acts that target the agriculture and food sectors.

This program introduces assessment methodologies that can be used to evaluate vulnerabilities in agriculture and food systems as well as for individual facility analysis. CARVER plus Shock is the primary tool taught in the program.

Objectives

- Learn how to assess community-wide vulnerabilities for agricultural and food facilities
- Learn how to assess vulnerabilities within agricultural and food systems and facilities
- Learn how to identify and implement mitigation measures to reduce vulnerabilities

Target Audience

Agricultural and food industry; Federal, State, County and local officials; extension and crop specialists; agricultural crime units; and others involved with food and agriculture security planning. As a required prerequisite, participants must be United States Citizens to take this course.

Certificates for this course will be awarded by The Center for Agriculture and Food Security and Preparedness through the University of Tennessee, College of Veterinarian Medicine.

The deadline to register is two weeks before the course starts (May 4, 2010)

Special Events:

Major General Tod M. Bunting,
Kansas Emergency Management Director and Adjutant General,
Invites

You to attend the

Third Annual Business and Industry Forum For Disaster Response and Recovery

The Adjutant General's Department will conduct its third annual Business and Industry Forum, May 26-27, 2010, in Salina, Kansas. This forum is designed to facilitate public and private sectors working together during disaster response within the state. Previous forums have provided training, education and facilitated interaction between private businesses, the emergency management community, and state and federal government. The forum addresses the disaster response process and how the parties can assist each other. The key benefit to attendees is the interaction, discussion and mutual understanding gained through participation.

This year, during the first day, there will a half day tour and exercise at Crisis City Headquarters building. The second day will include a number of panel presentations and discussions on private businesses that have survived a disaster, Public Information, Logistics, threats to the State and Oil and Gas industry.

Meeting Minutes

KC-ASIS Luncheon Meeting Minutes April 2010

11:30 a.m. Welcome

The meeting began at 11:30 a.m. with a brief greeting from Chairman Steve Brown, the National Anthem Video, and a Moment of Silence. Mr. Brown welcomed attendees and reminded members of his goals for increasing meeting attendance (from 60 to 120) throughout the year. Mr. Brown recognized all new members present and thanked speaker Chuck Clanahan, KS DHS PSA speaking at this month's meeting.

Member Introductions

Members were asked to stand and introduce themselves and the company they were with. In addition, Committee Chairs were asked to announce the committee they chaired.

General Business

Mr. Brown recognized the 2009 Greater KC ASIS Chairman Marc Jacobs with a nice plaque for his service.

Midwest Consolidated Security Forum – Member Norm Onnen spoke to the members on the upcoming MCSF and announced the dates of April 20-21, 2010 at the Jack Reardon Convention Center in Kansas City, KS. Mr. Onnen stressed the importance of registering early for the forum, and for members to assist with securing sponsors and vendors.

Mr. Brown announced to the membership that the Chapter had received a check for \$300.00, recognizing the Chapter for Honorable Mention in the annual Newsletter of the Year and I.B. Hale Award.

Mr. Brown opened discussion on the upgrades needed to the Chapter website and asked for a motion and a second to spend up to \$400.00 for the upgrades. The motion was made by Jon Gann and seconded by Brandon Kehl, with approval by the membership by voiced approval.

Monthly Meetings were announced:

May Law Enforcement Appreciation Luncheon
Location: Union Station
Speaker: Frank Denny, previous award winner
April 1st Nomination Deadline and asking past recipients to attend the event

June Hotel Security, Westin Crown Center, Benton's Restaurant

July No Meeting

Aug Olathe School District Security, Deer Creek Golf Club, Olathe School District

Sept Truman Medical Center – Hospital Security

Oct Bank Security, Kansas City Kansas Community College

Nov Harrah's Casino – Casino Security

11:50 a.m. Break for Lunch

12:10 p.m. Steve Brown introduced Chuck Clanahan, April Speaker, who presented an excellent presentation on how the Department of Homeland Security can assist the private sector with many security initiatives.

1:00 p.m. Meeting Adjourned

Tough AZ immigration law facing new road blocks

Apr 29, 2010 — Denver Post

JONATHAN J. COOPER and PAUL DAVENPORT

PHOENIX?A referendum drive and a lawsuit have emerged as potential road blocks to Arizona's tough new law on illegal immigration that has thrust the state into the national spotlight.

The legal action set to be filed Thursday in federal court is aimed at preventing enforcement of the controversial measure, while the ballot question could put it on hold until 2012.

Signed last week by Republican Gov. Jan Brewer, the law requires local and state law enforcement to question people about their immigration status if there's reason to suspect they're in the country illegally, and makes it a state crime to be in the United States illegally.

A draft of the proposed lawsuit obtained by The Associated Press shows the National Coalition of Latino Clergy and Christian Leaders will seek an injunction preventing authorities from enforcing the law. The group argues federal law preempts state regulation of national borders, and that Arizona's law violates due-process rights by allowing suspected illegal immigrants to be detained before they're convicted.

Other Hispanic and civil rights groups, including the American Civil Liberties Union and the Mexican American Legal Defense and Educational Fund, are also planning lawsuits. And U.S. Attorney General Eric Holder has said the federal government may challenge the law.

6 Key Cybersecurity Bills Before Congress

As Congress returns from its spring break this week, it will have six notable cybersecurity bills - perhaps one more - to consider before summer rolls around and senators and representatives focus more on getting reelected than law-making.

Of these cybersecurity measures, only one bill has passed either chamber; in February, the House of Representatives overwhelmingly approved the Cybersecurity Enhancement Act. And just one significant IT security bill has made it to the full Senate, the Cybersecurity Act, which cleared a Senate panel on a voice vote last month. The other bills remain in committee.

Most of the bills have some overlapping provisions, but except for the International Cybercrime Reporting and Cooperation Act that have twin Senate and House versions, none of the bills are identical.

Innovation – Accountability – Efficiency

Combine incident management, tour verification, task scheduling, alert notification, post order updates and daily activity reports.

Securitas Vision is a robust electronic post management system that improves communication and information sharing through a secure and scalable web-based application.

Allows you to:

- Know when your officers report for duty
- Update post orders electronically
- Be assured Daily Activity Reports are completed and stored
- Receive electronic Critical Incident Reports as they are detected
- Communicate with your officers on tours via a PDA

A dynamic security environment demands immediate notification – trust **Securitas Vision** for consistent performance using uniform procedures and electronic reporting in real time.
