## From the Chair...

Stephen Brown, CPP  
2010 Chairman

*From the Chair . . .*

**Steve Brown, CPP**

It's hard to believe we are already heading into the 4<sup>th</sup> Quarter of 2010. This time of year allows us to reflect on where we have been and where we are heading for 2011. For our ASIS Chapter, it is time for us to begin thinking about our 2011 leadership and those among us who will carry our Chapter's torch into the years to come. I can honestly say these past nine months have flown by as I know these last three month will as well.

Congratulations are in order for our Kansas City Chapter ASIS International. Our Chapter will be celebrating our 50<sup>th</sup> Anniversary at our October 7<sup>th</sup> luncheon. Jon Gann will do the honors of presenting our Chapter with this outstanding accomplishment. Please plan to attend.

October 12-15 is ASIS International's 56<sup>th</sup> Annual Seminar and Exhibits in Dallas, TX. For those of you going to the show this year, please come back and report to our Chapter on the benefits you received by taking the time out of your busy schedule to attend. Unfortunately I will not be able to attend this year as I have other pressing obligations. In my previous trip to this huge event, I was amazed at the number of security opportunities within our industry; from integrated security systems to mapping software; from covert surveillance to boots on the ground observations. This show had it all. If this is your first time attending, I can assure you, you will be amazed.

At our October 7<sup>th</sup> meeting we will be presenting the Security Professional of the Year Award. Our Board and Committee Chairs voted on this honor at our September 16<sup>th</sup> Board Meeting. I cannot announce the winner at this time as we want it to be a total surprise to the outstanding winner this year.

The Clarence M. Kelley Award, one of our area's top awards, will be presented at the 2010 Kansas City Crime Commission Luncheon scheduled for Thursday, October 14<sup>th</sup>. Our Chapter Board and Committee members voted on the recipient at our September Board Meeting on Thursday, September 16<sup>th</sup>, at the First Watch in Westport. I will have the honor of presenting this award at the luncheon. We have spaces at our ASIS sponsored table. If you would like to attend and represent our Chapter, please get with me to reserve your seat. We have ten seats total.

We have made a change in our November meeting. Originally it was scheduled for Harrah's North Kansas City Casino. We are moving this meeting to December in conjunction with our Holiday Meeting. For our November meeting, Captain Mitchell, Special Operations, KCMO PD will speak to our members on the logistics of hosting the recent NAACP Convention here in KC. This should be an excellent presentation.

It's that time of the year when we begin looking for Board Members and Committee Chairs for 2011. Please consider stepping up and doing your part to continue the success we have enjoyed as a Chapter. There is something for everyone, so do not be shy.

I look forward to seeing everyone at Kansas City Community College on Thursday, October 7<sup>th</sup> for our monthly luncheon. See you there.

Steve Brown, CPP, CHS  
2010 Chair

## Legislation Would Federalize Private Guards Who Protect U.S. Government Buildings

*Washington Post (09/14/10) P. B03 O'Keefe, Ed*

Members of the House Homeland Security Committee introduced legislation on Monday that would federalize the security force that guards U.S. government buildings. Under the bill, which was introduced by Rep. Sheila Jackson Lee (D-Texas) and co-sponsored by Rep. Bennie Thompson (D-Miss.), the Federal Protective Service--the private company that is currently charged with guarding federal buildings--would be required to hire 550 new federal inspectors. Jackson Lee noted that while that number is "not enough," it is all that the FPS can currently handle. She added that the new inspectors would help FPS federalize most, if not all, of its security guards. In addition, the bill calls for the creation of a set of nationwide training and certification standards for private security guards. FPS would also be required to hire contract oversight staffers to monitor the companies that hire private guards. Finally, the bill would allow the Government Accountability Office to take one year to determine whether a federalized security force would do a better job at protecting government buildings than private guards. If the GAO determines that the federalized security force is a success, the security guards would be placed on the government payroll permanently. The introduction of the bill comes more than a year after government auditors were able to smuggle bomb making materials into 10 major federal facilities, despite the presence of FPS guards.

## Innovation – Accountability – Efficiency

**Combine incident management, tour verification, task scheduling, alert notification, post order updates and daily activity reports.**

**Securitas Vision** is a robust electronic post management system that improves communication and information sharing through a secure and scalable web-based application.

Allows you to:

- Know when your officers report for duty
- Update post orders electronically
- Be assured Daily Activity Reports are completed and stored
- Receive electronic Critical Incident Reports as they are detected
- Communicate with your officers on tours via a PDA

A dynamic security environment demands immediate notification – trust **Securitas Vision** for consistent performance using uniform procedures and electronic reporting in real time.
